MANILA YIELDS TO AMERICANS.

Augusti Flees and Leaves a Subordinate to Give Up the City.
The Surrender Took Place Last Saturday—The
Philippine Question Believed to Be
Greatly Simplified.

Scripps-McKee Service.
Madrid, Aug. 16.—An official announcement that the city of Manila has surrendered was made today. The city was surrendered Saturday, August 13th, by Gen. Jander, who succeeded Captain-General Augusti. The American troops occupied the city immediately after the surrender.

THE FALL OF MANILA GIVES SATISFACTION.

Scripps-McKee Service.
Washington, Aug. 16.—The news of the capture of Manila has been received here with intense interest. The surrender and occupation of the city simplifies the work of the peace commission greatly, for it places the United States in a position to demand the cession of enough territory about the city to enable it to hold and to fortify it.

A DISPATCH FROM WILDMAN GIVES THE NEWS.

Washington, Aug. 16.—The department of state issued the following last night: The following dispatch was received at 11:15 p. m., August 15, from Consul Wildman at Hong Kong: "General Augusti, who arrived here today, says that Admiral Dewey bombarded Manila Saturday, and the city surrendered unconditionally. Augusti was taken by the Germans in a launch to the Kaiserin Augusta and brought to Hong Kong. I credit the report."

CRITICISING SHAFTER.

H. J. Whigham Says That the
General Tried to Fight Too
Many Battles at Once.

Scripps-McKee Service.
Chicago, Aug. 16.—H. J. Whigham in a lengthy review of the battles of El Caney and San Juan published in today's Tribune, severely criticizes General Shafter for fighting two battles one day when he had plenty of time to fight the battles separately. Whigham declares the honor of the victory was due to Gen. Sumner and other commanders who wilfully disobeyed General Shafter's impossible orders.

TALES OF SUFFERING.

The Manila Transports Were the
Scene of Much Sickness
While En Route.

Scripps-McKee Service.
Tacoma, Wash., Aug. 16.—The Honolulu papers of July 26 to 30th, say that there was great suffering on the transports conveying volunteers to Manila on account of over-crowding and insufficient food. This was particularly the case on the Peru and Pueblo on which a number of men collapsed when they arrived at Honolulu and had to be taken to the city hospitals. It is stated that troops on the Peru with typhoid fever walked to the street cars, but were delirious when they reached the hospital. It seems that the Red Cross services had been declined.

MORE HONORS FOR "OUR BOYS."

Officers and Men of Company K,
Alike Are Winning Laurels.

Camp Grant, Newport News, Va., Aug. 16. (Special).—Company K, already the best company in the Third Kentucky, has won new honors.

Gen. Fred Grant on a recent visit to Col. Smith's headquarters called for all the captains in the Third and then there publicly complimented Capt. Brinton B. Davis, saying that Davis was the only captain in the regiment who looked after the comfort of his men. He also complimented the men, declaring that for raw recruits the Paducah boys had made wonderful progress. This is due largely to Capt. Davis and to Lieut. Alf Stewart. There is no doubt that if the Third had been equipped sooner it would now be at the front with the Sixteenth Pennsylvania and the Second Wisconsin.

Sundry members of company K have been specially honored. Besides Privates Zack Bryant and Joe Sinnott, who are orderlies on General Wilson's staff, Private Knox has been appointed as Y. M. C. A. secretary, Private Wm. Shearer as regimental mail carrier, Private Fred McKnight as hospital steward and Private Jake Davis as regimental color bearer.

OLD LANDMARK MOVING.

The old Jarrett residence, one of the oldest residences in Paducah, is being moved from the lot where it has stood in Mechanicsburg for half a century, to a location just across the street. Apparently the ancient building is not being damaged in the moving. A dwelling will be erected on its old site.

NOTICE TO PARENTS.

Some of the boys have already been very persistent in disregarding said rules, trespassing on government property, and using insulting language to some of the government officials whose duty it is to look after and take care of the government property, and to see that the rules governing same are enforced. Such conduct can not be tolerated by the government.

BETWEEN THE RAILS.

An Automatic Car Coupler Is
Invented by a Ballard
County Genius.

Scripps-McKee Service.
I. C. Gardner Coming to Design
the New Riverside Park—Oth-
er Railroad Rumbings.

A Ballard county man has invent-
ed a car coupler which he declares is
an improvement over anything now
in use and which he is sure will make
him a fortune. Several local rail-
roaders who have examined his model
are favorably impressed with it. A
prominent attorney of this city has
taken steps to secure a patent on the
invention, and patterns have been
forwarded to the patent office at
Washington. The cars connect by
coming together, the shock of con-
tact forcing the pin, which has been
placed in one draw-head into the
other. An arm which extends up
above the car-top, into it, is used in
uncoupling. It lifts a block and
this releases the hold on the draw-
head.

An expert landscape gardener,
who is employed by the Illinois Cen-
tral and who recently plotted the
pretty little grass plot near the I. C.
Broadway freight depot, will be here
shortly to arrange for transforming
the block of ground owned by the
railroad on the river front between
Court and a park. It is proba-
ble that he will also take steps look-
ing toward the improvement of the I. C.
hospital grounds.

The I. C. pay train will arrive
Thursday the 18. The N., C. & St.
L. pay car was here Saturday.

Trainmaster J. J. Flynn, of the I.
C., went up the Central City division
on business this morning.

The better connections recently ar-
ranged for points south and south-
east have resulted in an increase in
travel over the Paducah branch of
the N., C. & St. L.
